

About us

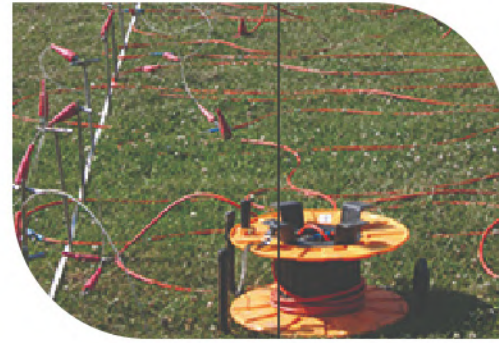

"Beaver Infra Consultants Pvt Ltd, an ISO: 9001-2015 certified company was established in the year 2008 by highly qualified and experienced engineers with the aim to provide the latest technology and cost-effective solutions to various infrastructure projects across the country."

"Since our inception a decade ago, we have established a fully functioning design office equipped with the right amenities to take on the rigours of our challenging projects, while being staffed with qualified and dedicated employees who are capable of handling any obstacles head-on."

Our Vision

"Since the company was founded, our goals have remained the same, which is to become one of the leading consultancy firms in India and to meet our country's growing needs for quality infrastructural professional services".

"Keeping that vision in mind, our ultimate goal is to provide all technical services for infrastructure projects under one umbrella, maintaining the high quality, competitive pricing, quick response time, integrity, transparency, and committed delivery standards that our company name is already synonymous with".

Our Services

Project Feasibility Study, Detailed Project Report

Surveys

- ◆ DGPS
- ◆ Drone
- ◆ Land Survey

Investigations

Geotechnical

- ◆ Drilling
- ◆ Sample Collection
- ◆ Lab testing and field testing-Vane shear test, Permeability test, standard penetration testing
- ◆ Penetrometer testing, plate load testing etc.

Geological

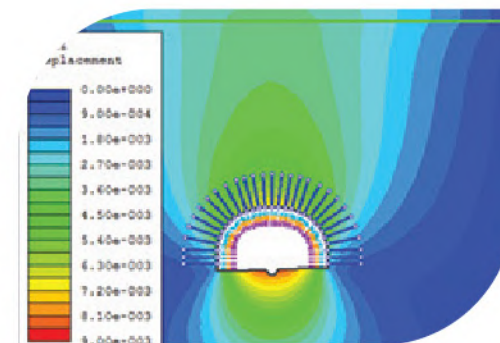

- ◆ Geological mapping
- ◆ Hydrological mapping
- ◆ Data collection and processing

Geophysical

- ◆ Electrical Resistivity Testing
- ◆ Seismic refractive and reflection testing
- ◆ Remote Sensing

Detailed Design and Project Management Consultancy

- ◆ Architectural and interior design works
- ◆ Town ships
- ◆ Multistoried buildings
- ◆ Green Building and Green field projects
- ◆ Landscaping
- ◆ Bridges
- ◆ Highways and Express ways
- ◆ Slope stability analysis
- ◆ Tunnels
- ◆ MEP services
- ◆ Water and Sewage treatment
- ◆ HVAC, BMS and Security Surveillance

Completed Projects

S. No.	Description of Work	Client's Name
1	Final location/ pre-construction survey for new BG single Railway line alignment (128.00 km) including stacking of alignment on ground, geological and geotechnical investigation, preparation of detailed estimate, drawing and ancillary works in connection with construction of new BG line between Pasighat and Parsuramkund (Arunachal Pradesh).	North East Frontier Railway
2	Design of tunnel cross section, support scheme for various type of works, concrete Tunnel portal including Cut & Cover, concrete lining of tunnel and construction methodology for varies component for 2.12 Km Tunnel project between Dedwana - Lalsot section in connection with Dausa Gangapur New BG Project.	North Western Railway
3	Preparation of initial design and drawings for Tunnel No. 12 (106.72 Km to 115.38 Km) including draft tender schedule in connection with construction of Jiribum-Tupul-Imphal new Railway line project.	North East Frontier Railway
4	Detailed Design and Construction Supervision for 08 Nos. of Tunnels from Tunnel No.16 to 23 with total length of 2.970 KM (Approx.) in connection with the construction of New BG Railway Line Project from Bairabi to Sairang in the state of Mizoram.	North East Frontier Railway
5	Detailed Design of irrigation Tunnel for Kanhar Irrigation Project of Irrigation Department of Uttar Pradesh. D-Shape tunnel of length 2.658 Kms	H E S Infra Pvt. Ltd
6	Investigation, Design, Execution and maintenance of various components to lift 6.7 TMC of water from +214.000m to +300.00m for Udayasamudram Reservoir Project. Length of Tunnel 10 Kms.	Maytas-MEIL-KBS (JV)
7	Design and Engineering Consultancy services for Construction of Canal Tunnel at right main canal from Km.12.22 to Km.13.95 of Kharkai RMC at Tatanagar (Jamshedpur) in Jharkhand.	Waterfront Construction Pvt. Ltd
8	Consultancy Services for roads, buildings, external and internal electrification, water supply, security surveillance, arboriculture, Green Buildings, sustainable energy, town planning etc	Defence Department

Ongoing Projects

S. No.	Description of Work	Client's Name
1	Geotechnical/hydrological investigations, design of Railway embankment and conducting various tests of soil as per Railway's guidelines like GE-14 etc. including design of various structures such as Viaduct, ROB/RUB, Retaining wall, Steel Structure, drainage system of yards from Km 0.0 to 176.0 in connection with NBQ-GLPT-KYQ Doubling Project.	North East Frontier Railway
2	Detailed design and construction supervision for 10 Nos. of Tunnels from Tunnel No.6 to 15 with total length of 3.434 Km. (approx.) in connection with construction of New BG Railway Line Project from Bhairabi – Sairang in the State of Mizoram.	North East Frontier Railway
3	Detailed Design and Construction supervision including instrumentation of single line BG tunnels (3nos Approximate length 3960m) including cut and cover between proposed stations Sukhovi and Molvom in connection with construction of new line between DMV and Kohima.	North East Frontier Railway
4	Detailed Design Consultancy (DDC) Services for tunnels for proposed new BG Rail line between Digni and Jaigarh Port (18.0 KM).	Jaigarh Digni Rail Limited
5	Detailed Design and Project Management Consultancy for "Construction, operation and maintenance of Two tunnel (Two tubes of four lane each (km 1+040 to Km 2+790) 1.75km and (km 3+440 to 12+360) 8.92km for Missing Link under capacity augmentation of Mumbai Pune Expressway in the state of Maharashtra.	Navayuga Engineering Company Limited
6	Detailed Design of Tunnels (Covered Sheds, Cut & Cover and Bored Tunnel) of total length 8.00 Kms, Design of 6 Lane Highways and structures of total length 13.10 Kms including Geometric Design, Design of flyovers, viaducts pavement, Plan and Profile and Alignment design for main carriage way, service roads, interchange for construction of the project from KM 623.379 to KM. 636.479 in section-Village Taranganpada – Pimpri Sadroddin to Village Vashala BK in District Nashik and Thane.	Afcons Infrastructure Limited
7	Consultancy Services for roads, buildings, external and internal electrification, water supply, security surveillance, arboriculture, Green Buildings, sustainable energy, town planning etc.	Defence Department
